GASENER PERSONEL

Federico A. Martinez, MBA, and Manuel Arturo Rodríguez, MSc, founded GasEner, SRL in 2010.

Building upon a track record of more than 30 years in the energy sector and the LPG business, they have created a business that brings innovation to the energy market in the Caribbean.

Uncompromising commitment to flawless performance is our core value.

Jose R Jimenez is the Technical Director of GasEner, SRL. He holds a degree in Electrical Engineer with a master in Quantum Mechanics and Relativity from University of Puerto Rico at Mayaguez.

With 16 years of experience in the power generation sector, Jose brings to the team deep knowledge of the industry needs.
